

# Rigid Plastic Harvest Cart

Safe, unrestricted storage of your 2D bioprocess bags in rigid, lightweight plastic. Our ALLpaQ Rigid Plastic Harvest Cart optimizes your bioprocess for easy handling of media and buffer throughout your facility.

## Features & Benefits

- Can hold up to four 2D bags
- Shelves are curved to ensure efficient bag draining
- Made of welded, lightweight plastic
- Rigid and smooth surfaces prevent bacteria growth
- Two fixed castors and two swivel brake castors for easy handling
